LOST PROPERTY:

There are a large number of school jumpers and jackets in lost property without names. If not claimed we will bundle up at the end of term and give to charity. Please also check jumpers and jackets that your child brings home, we have some students missing named jumpers and jackets that might have been taken home by other students inadvertently.

SCHOOL PHOTOS

Our students managed to stay picture perfect throughout the day until the photographers arrived. The photographers were very efficient in taking all the photos we needed. Hopefully the photos will be sent back to the school before the end of the term, we will send them home when we do receive them.

DIVISIONAL SPORTS

Katandra West was represented well by our students competing in the Divisional Sports last Friday. Our boys soccer team, played well in all four of their matches. They combined with students from Tallygaroopna and showed great teamwork between all players. They won two of their matches. Our mixed netball team also showed great teamwork and moved the ball down the court cleanly. They won all of their round robin matches and the semi final before winning the grand final. This makes Katandra West Primary School back to back champions in Divisional Mixed Netball as we also won in 2018. The mixed netball team will now compete at the Regional level in August. Further details will be provided closer to the day. Both the soccer and mixed netball teams were well supported by parents who were able to come along throughout the day, thank you. I'd also like to thank Jo Harry and Lyn for coaching the team, this included some training at school as well as coaching on the day. Jo Ash also gave some time to help train the team, thank you.

BULB PLANTING

Today our students gave their time to do something for the Katandra West Community. We walked to the Frank Burgman Garden and planted bulbs. Leigh Simpson is part of the group that has been working to beautify the Frank Burgman Garden and Katandra West War Memorial. This group was encouraged to submit an entry in the Greater Shepparton City Council Cultural heritage Awards and was successful in winning their category for **Restoration of a Heritage place**. I hope our students feel proud of being a part of this community project and enjoy seeing the flowers bloom later in the year.

BIKE HIKE

I think the rain will stay away tomorrow for our annual Bike Hike. Students will need to come to school ready for the big day with their bikes and helmets. A big **thank you** to the many parent helpers for this event. We have parents riding with students, driving support vehicles and transporting bikes into Shepparton. Also **thank you** to the parents who have helped ride with students during the Bike Ed sessions in the weeks leading up to tomorrow. Bike Ed and the Bike Hike would not be possible without the help we receive from parent volunteers. I know your children enjoy the Bike Ed Program and it is a meaningful way for students to demonstrate our School Value of **"Be Safe"**.

CAREERS DAY

I mentioned in a previous newsletter that we have deferred our Education Week Celebrations until **Thursday June 20**. The theme for Education Week 2019 is "Celebrating Careers". We will be having an Open Day on that Thursday and students will dress up as their **"dream job"**. As part of the celebrations I would like to invite parents to come and speak to their child's class about their own careers. Any career will be great, don't think that yours won't be interesting! In particular, I would appreciate any farmers to come along as students have been involved in a Farm Safety Program throughout Term 2 here at school. Please contact me at school if you are able to be a part of this fun event. I need to know who is available to be able to finalise a timetable of events.
